Writing Part 1 · Interacción red social (3 respuestas ~30-40 palabras c/u)

Tarea: En un foro/grupo online se debate si peatonalizar el centro de la ciudad. Responde a 3 mensajes (~30-40 palabras cada uno).

Respuesta modelo:

- 1) Honestly, I'm all for pedestrianising the centre. It would cut traffic and pollution dramatically and make the area far safer and more pleasant for families. Towns that have done it usually end up much livelier.
- 2) I do see why shop owners are nervous about losing trade. However, the evidence suggests footfall actually rises once streets are nicer to walk around. Better parking nearby would help reassure them.
- 3) My main concern is public transport. If we're going to remove cars, we absolutely must lay on more frequent buses, otherwise elderly or less mobile residents will simply be cut off from the centre.

Writing Part 2 · Email a una autoridad (120-150 palabras)

Tarea: Recibes un email del ayuntamiento anunciando que la biblioteca municipal reducirá su horario. Responde (120-150 palabras) expresando cómo te sientes y usando las notas: (a) mucha gente la usa, (b) propón alternativas, (c) pide una reunión pública.

Respuesta modelo:

Dear Sir or Madam,

I am writing in response to your email announcing the reduction in the library's opening hours. I must say I was extremely disappointed to learn of this decision.

The library is a vital resource for our community. It is used daily by a wide range of people, from students who rely on it as a quiet study space to elderly residents for whom it is an important social hub. Cutting its hours would affect a great many of them.

Rather than reducing the afternoon service, might I suggest opening later in the evenings or on Saturdays instead? This would arguably serve even more people.

Would it be possible to hold a public meeting so that residents can share their views before any final decision is made? Thank you for considering this.

Yours faithfully,
A. Pérez

Writing Part 3 · Artículo para una web (180-220 palabras)

Tarea: Escribe un artículo para una web (180-220 palabras) sobre los beneficios de aprender un idioma extranjero.

The Real Rewards of Learning a Language

We often think of learning a language as a chore, something to tick off for a job or an exam. In reality, it is one of the most rewarding things you can do, and the benefits go far beyond your CV.

The most obvious advantage is communication. Speaking even a little of the local language transforms travel, opening doors to people and places that tourists rarely see. Professionally, too, being bilingual makes you stand out in an increasingly competitive job market.

Less obvious, but just as valuable, are the cognitive benefits. Research consistently shows that learning a language sharpens memory, improves concentration and even delays mental decline later in life. Crucially, these benefits apply at any age, so it is never too late to make a start.

Perhaps best of all, it changes how you see the world. Every language carries a culture and a way of thinking, and stepping into it makes you more open-minded and a far more confident traveller. It is also surprisingly social: language classes and exchanges are a brilliant way to meet like-minded people.

So why wait? Pick a language, start small, and stick with it. You honestly won't regret it.
